

LSCP Training:

In light of the Covid-19 outbreak, the Local Safeguarding Children Partnership is working to adapt the safeguarding children training offer. The following workshops will be delivered online and bookings are now open.

Safeguarding Children: Domestic Abuse & Coercive Control (ONLINE):

Instructions for how to join using Microsoft Teams will be sent to delegates who secure a place.

This workshop, delivered either in x2 half day sessions or in one whole day session will be delivered by Standing Together Against Domestic Violence.

Domestic abuse and violence affects very high numbers of children within the UK and is one of the LSCP priorities for 2019/2020.

Learning Outcomes:

At the end of the workshop, participants will:

- Be able to define domestic abuse and coercive control
- Recognise indicators of domestic abuse in survivors, perpetrators and children
- Identify and explain tactics of abuse described in the power and control wheel
- Recognise and explain the impact of domestic abuse on child development
- Identify appropriate risk assessment tools for survivors and children
- Identify and utilise referral pathways for early intervention, child protection and children in need.

Please note this workshop will be delivered online via Microsoft Teams, unless the Covid-19 situation improves and we are able to revert back to face to face training.

Dates and Eventbrite bookings:

(Please remember if you choose the ½ day workshops you MUST book both dates):

July 2020: 13th July (part 1) & 15th July (part 2) 10am – 1pm

<https://domesticabusecoercivecontroljuly2020.eventbrite.co.uk>
