THE ROYAL BOROUGH OF  
KENSINGTON  
AND CHELSEA

# Jobs and Training The Guide 2020-2022

Last year, we launched “Live, Work and Learn: Our plan for a successful local economy” which sets out what the Council will be doing to ensure residents can access skills and training as well as work placements, employment offers, and support to help businesses thrive. We are committed to narrowing the skills gap and making opportunities accessible for all.

Residents and communities have told us it is often difficult to find advice and support. Whether you are a resident looking for employment offers and advice, training opportunities, volunteer programmes or information on how to start your business, this guide can assist you in your search.

Thank you to our partners who have helped provide this information and are supporting residents throughout the borough. Ensuring the economy works for everyone requires support from partners, businesses, employers, communities and residents.

**Cllr Catherine Faulks**

**Lead member for skills and enterprise**

Unless otherwise noted, everything listed in the Guide is FREE, apart from some courses offered by colleges.
