

Final SA/SEA Screening Opinion, January 2021

Greening Supplementary Planning Document

The Council produced a Screening Statement on the Greening Supplementary Planning Document (SPD) in July 2018.

As per the relevant regulations¹, Historic England, Natural England and the Environment Agency were consulted on this Screening Statement. This consultation period ran from 3 July 2018 to 8 August 2018.

The Council received responses on the Screening Statement from the three consultation bodies. All confirmed that a Strategic Environmental Assessment or Sustainability Appraisal was not required.

The Council's final Screening Opinion, after consulting the consultation bodies and taking into account the criteria specified in Schedule 1 of the Environmental Assessment of Plans and Programmes Regulations 2004, is that the Greening SPD does not require a SEA/SA. The reasons are set out in the Screening Statement (July 2018).

The Screening Statement and the responses received from the three statutory bodies are available on-line as part of the Draft Greening SPD consultation at <https://planningconsult.rbkc.gov.uk/consult.ti/GreeningSPD/consultationHome>
