Policy CA4 & CV9

As I received this form on midday 9 Dec and have to return it to the Council within 24 hours I cannot cite details of paragraphs. My point is about the Walmer Road sport facility swimming pool, it should be retained on site.

It does not take account of residents desires and did not canvas the people most likely to be affected by any change. So representations have not been noticed or complied with.

Officer's response to comments

The Council is yet to decide whether the Leisure Centre will be refurbished or redeveloped. Policy CA4(b) requires the reprovision of equivalent sports facilities, including a swimming pool. Para 9.3.13 also commits to the continued reprovision of a swimming pool. However, the extent and size of the reprovided swimming facilities will depend on design, space and consultation which will form part of demand assessment. This will be identified through the preparation of a planning brief for this site.
