## Publication Stage Representation Form

To be **“sound”** the contents of a local plan should be POSITIVELY PREPARED, JUSTIFIED, EFFECTIVE and consistent with NATIONAL POLICY.

**“Positively prepared”** means that the planning policy needs to:

- be prepared based on a strategy which seeks to objectively assess development and infrastructure requirements, including those of neighbouring authorities where it is reasonable to do so.
- It must also be consistent with achieving sustainable development.

**“Justified”** means that the planning policy must be:

- founded on a proportional evidence base
- the most appropriate strategy has been selected when considered against the reasonable alternatives.

**“Effective”** means that the planning policy must be:

- deliverable over its period
- based on effective joint working on cross – boundary strategic priorities.

**“Consistent with National Policy”** means that the planning policy should enable the delivery of sustainable development in accordance with the guidance contained within the National Planning Policy Framework (NPPF).

It must also be **legally compliant** which means that the planning policies have been prepared in accordance with legal and procedural requirements.

**State planning policy or paragraph number to which you are referring**

Policy CL7 (Basements), a-n. Preceding Reasoned Justification paras 34.3.46-73

**Yes**

**No**

**Do you consider the planning policy to be sound?**

Yes

**Please tick box as appropriate**

**If you have selected YES and you wish to support the soundness of the planning policy, please give your reasons below. Please be as precise as possible. Please make it clear which paragraph number or Policy box number you are commenting on.**

**A rash of basement constructions in and near our area has caused much anger and concern among residents over recent years. The new policy will do much to alleviate the noise, dirt, and disruption to traffic which such developments generate, and will go some way to allay fears over potential damage to neighbouring properties and obstruction of ground water. Excavation of basements has resulted in some well-publicised major disasters in and near the Royal Borough in recent years.**
