Subject: Objection to basement development

Dear Sirs,

I hear that the basement development lobby are planning to tell the RBKC that not many local residents are objecting to basement development. Well they are **WRONG**. I have lived in Chelsea (and paid my Council Tax) for 42 years and I for one am appalled at what I am seeing and reading about basement development within the Borough and strongly oppose further basement development on environmental and aesthetic grounds.

Chelsea is a prestigious place to live but recently many residents have been living in, what can only be described, as a building site hell. **THIS MUST STOP** and stop **NOW** if the Council is to maintain any credibility amongst local residents.

I remain
Yours sincerely

Andrea Bennett
