

Head of Asset Strategy (Schools and Children's Services)

Job Outline

Main Purpose of Job

To lead the development and implementation of the School Organisation and Asset Strategies in Westminster, Kensington & Chelsea, and Hammersmith & Fulham on behalf of the three Children's Services departments.

Key Accountabilities

- To lead the development and implementation of asset management, pupil place planning and the School Organisation Strategies.
- Analyse varied and complex data from a variety of sources to plan the most effective means of contributing to the necessary capital programmes for modernising, rationalising and increasing or reducing the relevant provision within schools.
- To identify and pursue opportunities for improved and more efficient use of Children's Services assets, such as school premises, working closely with colleagues across the department, Corporate Property teams.
- To work collaboratively with senior colleagues across the three councils, partner agencies, schools, external bodies (DfE) and other stakeholders on all aspects of capital planning and organisation for the tri-borough education service and to contribute to the Corporate Asset Management Planning.
- To be responsible for commissioning on behalf of the Education Services' capital programmes to meet the aims and objectives of the Children's Services Plan and the Departmental Services Plan in each Borough.
