# THE ROYAL BOROUGH OF KENSINGTON AND CHELSEA Meeting of the Council – 3 March 2010

## Item 6 - Submissions from the Cabinet

The following budget, plans and strategies were considered by the Cabinet at its meeting on 18 February 2010 and are now submitted to full Council for approval and adoption.

## 2. REVENUE BUDGET AND COUNCIL TAX 2010/11

#### 2.1 INTRODUCTION

- 2.1.1 The proposed budget is
  - consistent with the Council's medium term financial strategy and its policy on reserves (Revenue Budget Book, page xiii);
  - > follows consultation with the Overview and Scrutiny Committees and others on the 2010/11 proposed budget; and
  - ➤ takes account of Council's agreement to the Council Tax base on 20 January 2010.
- 2.1.2 They have been tested against the outlook for the economy, the public finances and residents' views.

## 2.2 THE COUNCIL'S POLICIES

- 2.2.1 The proposed budget will maintain the Council Tax rate in the bottom quartile for London; identifies £9.5 million of savings and re-direction of spending to higher priorities, provides for price increases, releases over £2.4 million from reserves to meet one off service commitments and economy driven income losses and retains a minimum of £10 million in the working balance.
- 2.2.2 It is the Council's policy to retain a minimum balance of £15 million in each of the Capital Expenditure Reserve and the Car Parking Reserve by the end of 2012/13. Current forecast spending plans deliver this. There is no unsustainable use of reserves to meet recurring expenditure.
- 2.2.3 As part of this year's financial forecasting all reserves held have been reviewed, their purpose reconfirmed or revised and the potential funding impact of recession and the Council own budget plans modelled. A full list of the reserves held with forecast balances for the next three years is set out in the **Revenue Budget Book (page ix).**

- 2.2.4 Council is requested to confirm that the minimum level of working balance should be £10 million. This means that full Council approval is required to reduce the working balance below that level.
- 2.2.5 The Council holds a central contingency budget for in-year budget risks such as higher than forecast pay and price inflation. The contingency is £2.4 million.
- 2.2.6 **Table 1** below shows budgeted revenue movements on General Fund reserves and balances.

### 2.3 THE ECONOMY AND THE PUBLIC FINANCES

- 2.3.1 The macroeconomic environment remains extremely uncertain. The Government's fiscal position has deteriorated sharply with public sector debt rising. The Government's December 2009 Pre-Budget report confirmed public sector spending plans for 2010/11 and indicated 0.8 per cent real terms public sector spending increases until 2014/15. However other commentators are predicting the need for substantial cuts in public service spending.
- 2.3.2 There is a high likelihood of an emergency budget after the General Election which could cut public spending. It is likely that local government will bear a disproportionate share of any such cuts.

- 2.3.3 The Council has seen its income from land charges, halls lettings and planning applications fall. The Council is also earning considerably less interest income than in recent years with forecast income of £1.2 million compared to nearly £12 million earned in 2008/09 and £2 million less than in budgeted for in 2009/10.
- 2.3.4 To date the Council has successfully managed income losses through a combination of savings and one-off releases from reserves. A total of £9.5 million of savings is planned to be delivered for 2010/11 including over £1.5 million resulting from a 15 per cent management costs reduction exercise. Further staff costs savings will be delivered in 2010/11 including a pay freeze for all senior staff and elected members.

## **External Funding**

- 2.3.5 Government grants fund 66 per cent of the Council's gross spending of £543 million. The Formula Grant for 2010/11 has been confirmed at the pre-announced allocation of £106 million with specific grant allocations also being confirmed as expected. 2010/11 is the last year of the current three year funding settlement.
- 2.3.6 The Council receives over £250 million in specific grants of which £128 million is housing and Council Tax benefits related. Details of specific grants are set out in the **Revenue Budget Book (page iii).**
- 2.3.7 In addition to potential changes to grant distribution system methodology and data, the key question is what will happen to Formula Grant and specific grant allocations for future years both nationally and locally.

## 2.4 COUNCIL TAX CONSULTATION

- 2.4.1 The Council has again consulted residents: the results were reported to Cabinet on 12 January 2010 ("Consultation on Council Tax and Priorities for Council Services")<sup>1</sup>.
- 2.4.2 On the overall balance between spending, charges and Council Tax:
  - ▶ 52 per cent agreed that existing charges for services should be increased to reduce any increase in Council Tax;
  - ➤ 41 per cent would like Council Tax to stay at the same level even if this means cuts in local services, down from 50 per cent in 2008; but
  - ➤ 44 per cent are more concerned about maintaining the quality of local services than about the amount of Council Tax they pay.

<sup>&</sup>lt;sup>1</sup> The full report can be found at:

- 2.4.3 The 2010/11 spending and savings proposals were published in a report to Cabinet in November; further publicised through the draft Cabinet Business Plan taken to Cabinet in January; and taken to Overview and Scrutiny Committees as part of the Business Group revenue budget reports in January.
- 2.4.4 The draft Cabinet Business Plan has been widely circulated to local representative bodies. Round-table reports from each major public sector partner on their budget plans were discussed by the Kensington and Chelsea Partnership in January 2010. Discussions have also taken place during the year on the financial plans of the Council and its key partners including the Tenant Management Organisation, NHS Kensington and Chelsea and the Central and North West London Mental Health Trust.

## 2.5 BUDGET PROPOSALS

- 2.5.1 The proposed gross revenue budget for 2010/11 is £542 million. Within that, the budget requirement funded from Formula Grant and from Council Tax is £184 million.
- 2.5.2 The Council's key priorities supported by many of the budget proposals are set out in the **Revenue Budget Book (page xiv)**. Full details of 2010/11 growth and savings proposals by Business Group are set out in the **Revenue Budget Book (at the end of each Business Group section)**.
- 2.5.3 In addition to these, it is the Council's ambition is to become the country's "Smartest Council". The Council continues to reduce running costs in order to redirect resources to priorities and is committed to reducing management costs by 15 per cent by March 2011. The Council's reserves provide sufficient capacity to manage and resource its major change programmes.
- 2.5.4 Detailed service budgets for operating expenditure are set out in the Business Group estimates submitted in full to the Council as part of the Revenue Budget Book. This is summarised in **Table 2**.

<sup>\*</sup>This includes a non-cash accounting adjustment. The actual cash increase in cost is  $\pounds 0.4$  million.

## 2.6 THE COUNCIL TAX

2.6.1 The budget proposals produce a Royal Borough Council Tax freeze - a band D figure for the Council's element of the tax of £769.30 excluding the Garden Square levies. This is set out in **Table 3**.

**Table 3 Budget Change and Council Tax** 

|   | £m       |

| Band D Council Tax excluding garden square levies | £769.30  |
| Increase at Band D %                              | 0.0%     |

- 2.6.2 Varying the budget requirement of £184 million by one per cent increases the Council Tax by 2.4 per cent. Varying spending plans by £1 million would add £10 (1 per cent) to the band D Council Tax.
- 2.6.3 The Greater London Authority set its 2010/11 precept, which the Council collects on its behalf, at the London Assembly meeting on 10 February 2010. The band D Council Tax figure for 2010/11 will be £309.82, the same level as 2009/10.

2.6.4 Royal Borough and total Council Tax rates for each Band are shown in **Table 4**, which also shows the percentage of dwellings falling under each band. Band G is the most common.

## 2.7 THREE YEAR FINANCIAL PLAN

- 2.7.1 The Medium Term Financial Plan looks ahead for three years and, given the uncertainties over public sector funding, is highly speculative. Please note this is indicative at this stage. This is set out in **Table 5** and based on the following:
  - ➤ A review of significant external influences and changes likely to have an impact (excluding non cash items).
  - > A projection of the Council's spending and resources.
  - > Set within the framework of medium term financial planning principles set out in the **Revenue Budget Book (page xiii).**

### 2.8 LEGAL IMPLICATIONS

- 2.8.1 The Council is required to set a balanced budget.
- 2.8.2 The Executive Director for Finance, Information Systems and Property is required, under the Local Government Act 2003, Part 2, Section 25, to report on the robustness of the estimates made for the purpose of calculating the Council Tax and the adequacy of reserves.
- 2.8.3 The Executive Director is satisfied that the budget calculations are robust and that the budget takes account of liabilities and financial risks, but in particular assumes that we will not rely on withdrawals from reserves to meet recurrent revenue commitments.
- 2.8.4 The Executive Director considers that current levels of unallocated reserves remain strong and contribute to the Council's sound financial position, taking into account both the Standard and Poor's AAA credit rating and the latest Audit Commission Use of Resource assessment which scored the highest level for 'Planning for Financial Health'.
- 2.8.5 The Council Tax freeze meets the Government's expectations for 2010/11 Council increases as announced as part of the provisional local government finance settlement on 26 November 2009<sup>2</sup>.

<sup>2</sup> "We expect the average Band D council tax increase in England to fall to a 16 year low in 2010-11. We remain prepared to take capping action against excessive increases set by individual authorities and requiring them to rebill". Please see the full ministerial statement at this link:

## 2.9 EQUALITIES IMPLICATIONS

2.9.1 Assessments of the equalities implications for budget items are undertaken by the Business Groups. They are included in summary in the Service Budget Reports submitted to Overview and Scrutiny Committees or will be included in more detail in relevant key decision reports.

## 2.10 RECOMMENDATIONS

The Council is recommended:

- (i) (a) **To approve** the revenue estimates for 2010/11 as submitted in the **Revenue Budget Book 2010/11**;
  - (b) To approve the Medium Term Financial Strategy as set out in the Revenue Budget Book (page xiii);
  - (c) **To approve** the Reserves Policy as set out in the **Revenue Budget Book (page v)** including a minimum £10 million in
    working balances and a minimum balance of £15 million in the
    Capital Expenditure Reserve and Car Parking Reserve at the
    end of 2012/13;
- (ii) **To note** that at the Council meeting on 20 January 2010 it calculated the following amounts for the year 2010/11 in accordance with regulations made under Sections 33(5) and 34(4) of the Local Government Finance Act 1992:
  - (a) **99,558** being the amount calculated by the Council, in accordance with regulation 3 of the Local Authorities (Calculation of Council Tax Base) Regulations 1992, as its Council Tax base for the year; and
  - (b) the amounts as set out in column three of the table **on page x of the Revenue Budget Book** being the amounts calculated by the Council, in accordance with regulation 6 of the Regulations as the amounts of its Council Tax base for the year for dwellings in those parts of its area to which one or more special items relate. Note the increase in the tax base for Addison Gardens from that previously reported (120 to **122**).
- (iii) **To agree** that the following amounts be now calculated by the Council for the year 2010/11 in accordance with Sections 32 to 36 of the Local Government Finance Act 1992 (the Act):-

- (a) £184,181,506 being the amount by which the aggregate of the amounts which the Council estimates for the items set out in Section 32 (2) (a) to (e) of the Act; exceeds the aggregate of the amounts which the Council estimates for the items set out in Section 32 (3) (a) to (c) of the Act; calculated by the Council in accordance with Section 32(4) of the Act as its budget requirement for the year.
- (b) £106,266,420 being the aggregate of the sums which the Council estimates will be payable for the year into its General Fund in respect of Formula Grant, reduced by the amount of the sum that the Council estimates will be transferred in the year from General Fund to its Collection Fund in accordance with Section 97 (4) of the Local Government Finance Act 1988 and anv sums relating to difference between amounts respect of community charges credited and charged to the revenue account for any earlier financial year, and any sums pursuant to the direction that is contained in the Collection Fund (Council Tax Benefit)(England) Directions 2001.
- (c) £782.61 being the amount at (iii)(a) above less the amount at (iii)(b) above, all divided by the amount at (ii)(a) above, calculated by the Council, in accordance with Section 33(1) of the Act, as the basic amount of its Council Tax for the year;
- (d) £1,324,645 being the aggregate amount of all special items referred to in Section 34(1) of the Act and listed in column four of the table on page x of the Revenue Budget Book;
- (e) £769.30 being the amount at (iii)(c) above less the result given by dividing the amount at (iii)(d) above by the

amount at (ii)(a) above, calculated by the Council, in accordance with Section 34(2) of the Act, as the basic amount of its Council Tax for the year for dwellings in those parts of its area to which no special item relates;

(f)

the amount as set out in the table on page x of the Revenue Budget **Book** opposite each garden square listed in column two, being amount given by adding to amount at (iii)(e) above the amount of the special item or items set out in column four relating to dwellings in each of the garden squares divided in each case by the amount set out in three, calculated by column Council in accordance with Section 34(3) of the Act as the basic amount of its Council Tax for the year for dwellings in those parts of its area to which one or more special items relate; and

(g)

the amounts as set out in page xi of the Revenue Budget Book being the amounts given by multiplying the amounts at (iii)(e) and (iii)(f) above which, by the number in the proportion set out in Section 5(1) of the Act, is applicable to dwellings listed in a particular valuation band divided by the number which in the proportion is applicable to dwellings listed in valuation band D, calculated by the Council, in accordance with Section 36(1) of the Act, as the amounts to be taken into account for the year in respect of categories of dwellings listed in different valuation bands.

(iv) **To note** that for the year 2010/11 the Greater London Authority has stated the following amounts in precepts issued to the Council in respect of the functional bodies under its control, in accordance with Section 40 of the Local Government Finance Act 1992, for each of the categories of dwellings shown below:

| VALUATION<br>BAND | Greater<br>London<br>Authority<br>Council Tax |
|-------------------|---|
|                   | £   |
| Α                 | 206.55  |
| В                 | 240.97  |

## **RESERVES POLICY**

## **Background and context**

Reserves are an important part of the Council's financial strategy and are held to create long-term budgetary stability. They enable the Council to manage change without undue impact on the Council Tax and are a key element of its strong financial standing and resilience. The Council's key sources of funding face an uncertain future and the Council therefore holds earmarked reserves and a working balance in order to mitigate future financial risks.

As set out in the report, earmarked reserves are reviewed annually as part of the budget process, to determine whether the original purpose for the creation of the reserve still exists and whether or not the reserves should be released in full or in part. Particular attention is paid in the annual review to those reserves whose balances have not moved over a three year period.

Other than the Car Parking Reserve, no reserves are being used to support recurring expenditure.

- **Capital Expenditure Reserve** projections of the use and balances on this reserve are contained in the *Capital Programme 2010/11 2012/13* report to Cabinet on the 18 February 2010.
- Car Parking Reserve projections of the use and balances on this reserve are contained in the Capital Programme 2010/11 2012/13 report to Cabinet on the 18 February 2010. Originally the reserve could only be used to fund expenditure on statutorily defined purposes directly related to transport. The Traffic Management Act 2004 extended the powers to include highways maintenance and environmental improvements. The maximum eligible expenditure for funding in 2010/11 is shown in the table overleaf.

## **RESERVES POLICY**

## **Strategic context**

- 1. The Council's financial environment is perpetually changing, as are the demands on services and the needs of the Royal Borough. The Council is constantly reformulating its priorities in response to these issues. The Council's financial environment is becoming more difficult as the level of historic in-year budget flexibility reduces and the buoyancy of external finance declines. The demands on services and the needs of the Royal Borough are not reducing. The Council has continuously to review its priorities in response to these issues.
- Reserves play an important part in the Council's medium term financial strategy and are held to create long-term budgetary stability. They enable the Council to manage change without undue impact on the Council Tax and are a key element of its strong financial standing and resilience.
- 3. The Council holds reserves in order to mitigate future risks, such as increased demand and costs; to help absorb the costs of future liabilities; and to enable the Council to resource policy developments and initiatives without a disruptive impact on Council Tax.
- 4. Capital reserves play a crucial role in funding the Council's capital investment programme. The Capital Expenditure Reserve is used to create capacity to meet future capital investment.

- 5. The Council relies on interest earned through holding reserves to support its general spending plans.
- 6. Reserves are one-off money. The Council aims to avoid using reserves to meet ongoing financial commitments other than as part of a sustainable budget plan. The Council has to balance the opportunity cost of holding reserves in terms of Council Tax against the importance of interest earning and long term future planning.

## **Purposes**

- 7. Reserves are therefore held for the following purposes, some of which may overlap:
  - Providing a working balance i.e. Housing Revenue Account and General Fund.
  - Smoothing the impact of uneven expenditure profiles between years, e.g. local elections, structural building maintenance and carrying forward expenditure between years.
  - Holding funds for future spending plans, e.g. Capital Expenditure reserve, and for the renewal of operational assets, e.g. repairs and renewal, and Information Technology renewal. Meeting future costs and liabilities so as to cushion the effect on services e.g. the Supporting People Reserve (funding the ongoing reduction in grant for supported housing); the Insurance Reserve for self-funded liabilities arising from insurance claims.
  - To provide resilience against future risks e.g. the Specific Grant Loss and the Demand Growth reserves and provide the capacity to manage risk.
  - To create policy capacity in a context of forecast declining future external resources e.g. Better City Life.
- 8. All earmarked reserves are held for a specific purpose. This, together with a summary on the movement on each reserve, is published annually, to accompany the annual Statement of Accounts. A proposal to vary the use of a reserve is subject to normal virement limits.
- 9. The use of some reserves is limited by regulation e.g. the Collection Fund balance must be set against Council Tax levels, reserves established through the Housing Revenue Account can only be applied within that account and the Car Parking reserve can only be used to fund specific services. Schools reserves are generally ringfenced for their use, although there are certain regulatory exceptions.

## Management

- 10. The Executive Director for Finance, Information Systems and Property reports annually on the adequacy of the reserves, as part of the Council Tax setting and budget report.
- 11. The approval of the Cabinet Member for Finance and Property is required to the release of reserves (unless already agreed by Council or Cabinet), under the Council's constitution<sup>1</sup>.
- 12. The following matters apply to individual reserves:
  - The General Fund working balance will not fall below £10 million, within the Council's budgetary framework, i.e. without the approval of Council. The minimum value is at least 5 per cent of budget requirement<sup>2</sup>.
  - The Capital Expenditure Reserve is applied to meet future investment plans and is available either to fund investment directly or to support other financing costs. The reserve can also be used for preliminary costs of capital schemes e.g. feasibility.
  - The Car Parking Reserve will be applied to purposes for which there are specific statutory powers. This is broadly defined as transport and environmental improvements (the latter as defined in the Traffic Management Act 2004).
  - The revenue and capital expenditure plans in the budget for 2010/11 to 2012/13 ensure that each of the Capital Expenditure Reserve and the Car Parking Reserve will not fall below £15 million by the end of 2012/13 and that if the figures falls below £20 million for either reserve this should be a trigger for review.

## THE COUNCIL'S MEDIUM TERM FINANCIAL STRATEGY

The Council aligns its financial strategy with its ambitions through a rolling three-year cycle of business planning. The proposed Medium Term Financial Strategy remains consistent with previous years.

## An emphasis on sound finances

The Council's budgetary strategy focuses on:

- > maintaining Council Tax in the bottom quartile for London;
- > improving cost effectiveness, efficiency and income generation through reviews and particularly change programmes;
- > managing and mitigating future budget risks by forward planning;
- monitoring income and expenditure and making adequate contingencies and provisions;
- redirecting resources from lower priorities to higher priorities;
- protecting services by funding the costs of inflation;
- > using external financing and cost sharing opportunities where possible;
- procuring goods and services in ways that achieve good value;
- planning for the medium term, taking into account the projection of future Government grants over the long term; and
- > speaking out for the interests of the residents of the Royal Borough on issues of strategic importance for the finances of the Council.

The Council has also established a framework of medium term financial management principles, aimed at maintaining its strong financial base. In summary, the Council will:

- maintain strong corporate governance, including an effective approach to risk management;
- > retain efficient Council Tax collection systems;
- combat fraud and employ well trained anti-fraud staff;
- conduct close monitoring of the budgetary position throughout the year, supported by the overview and scrutiny process;
- maintain financial and budgetary resilience by holding:
  - o not less than £10 million in working balances;
  - earmarked reserves to mitigate future liabilities and risks to funding sources that could affect the revenue budget and destabilise service provision; and
  - reserves to meet the costs of the capital investment programme over the next three years; and
- maintain the Council's Standard and Poor's credit rating, an external validation of the Council's financial standing, at a rate no lower than the sovereign rating for the United Kingdom.

#### **KEY BUDGET PRIORITIES**

(Extracted from the Cabinet Business Plan)

#### **FAMILY AND CHILDREN'S SERVICES**

- Ensuring children are safe: Maintain the highest standards in safeguarding all children and young people.
- ➤ Implementing a transformational change programme: Undertake a major change programme that recognises the primacy of parents in bringing up their children and targets resources to those in greatest need.
- Achieving greater efficiency and value for money: Prioritise resources to deliver the best possible outcomes at a lower cost.
- ➤ Improving prevention and early intervention: Ensure effective and integrated early intervention services so families can access timely and skilled help to prevent problems escalating.
- ➤ **Delivering high standards in education and life long learning:** Continue to raise educational standards for all children and young people. Strengthen training and learning opportunities through the 14-19 curriculum and the Adult and Family Learning Programme.
- **Promoting economic well-being:** Increase opportunities for young people and families to access high quality training and work opportunities, for example, through apprenticeships.

## HOUSING, HEALTH AND ADULT SCOIAL CARE

- ➤ **Greater choice and control:** Transform social care services through a programme of personalisation so there is greater choice and control for people to determine the care and support that is right for them, helping them live independently and as active members of the community.
- ➤ Delivering universal information and advice and greater accessibility: Provide comprehensive, consistent and interactive information and advice on social care and other services, and easier access to services, for the benefit of residents, professionals and staff.
- Investing in prevention: Continue to invest in joined-up, cost-effective preventative interventions, which reduce the need for health and social care and improve quality of life, by shifting some resources away from reactive provision.
- Assessing need and targeting resources: Through the Joint Strategic Needs Assessment, ensure the local community receives relevant, responsive and well-coordinated services which address the areas of greatest need both now and in the future.

- Improving safeguarding and regulation: Strengthen further systems to protect vulnerable adults from the risk of abuse and neglect.
- ➤ **Delivering quality housing and housing services:** Implement a new Housing Strategy and pursue a freer hand to manage local housing affairs locally, with a view to: building on success; upholding the borough's high quality of residential life; and further promoting the borough's strong and varied sense of place and community.
- Investing in the borough's housing: Ensure those living in Council Housing continue to benefit from well-maintained homes and Really Good Services.
- Effectively allocating social housing: Introduce a simpler and more strategic approach to allocating social housing in the borough so that scarce social housing is targeted at those in greatest need. Developing a spatial vision for the borough: Finalise the Council's vision for the future spatial development of the borough, including submitting the Core Strategy to the Secretary of State.
- ➤ Regenerating the north of the borough: Working with landowners and local communities, develop a series of Master Plans to inform the development of key sites, maximising the benefit to local communities.

#### PLANNING AND BOROUGH DEVELOPMENT

- Enhancing and preserving the borough's town centres: Continue to enhance the vitality of the Royal Borough's town centres and preserve their unique characteristics.
- ➤ **Benefiting from developments:** Using the new framework for section 106 agreements, ensure developments put something back into the community.
- ➤ Protecting the borough's residential quality of life: Take effective enforcement action and continue to develop Supplementary Planning Documents to protect the borough's residential quality of live.
- ➤ Offering pre-application advice: Continue to develop procedures for pre-application advice and recording, including reviewing charges and service standards.
- ➤ **Processing planning applications efficiently:** Deal with planning applications within Government targets without sacrificing the quality of decision making.
- > Improving customer service: Make better use of technology to ensure customers enjoy an efficient and professional service, with better web content.
- Expanding the Building Control service: Maximise Building Control's market share in the borough, increase the volume of work undertaken in other authorities and explore the possibility of joint working with neighbouring boroughs.

## TRANSPORT, ENVIRONMENT AND LEISURE SERVICES

- ➤ **Protecting and enhancing the environment:** Deliver lasting improvements to the environment, and help reduce the adverse impact of the Council's and its partners' operations on the environment, by supporting the implementation of action plans that deliver the Environment Strategy.
- Addressing the challenges posed by climate change: Implementing the Climate Change Strategy, support changes to the operation of the Council's estate, help the Council deliver services in more energy efficient ways, and encourage change among residents, businesses and other organisations.
- ➤ **Reducing waste:** Reduce the amount of residual waste produced in the Royal Borough by encouraging residents and businesses to waste less and reuse more, and by promoting recycling and composting.
- ➤ Maintaining excellent street cleanliness: Improve the efficiency of street cleansing by delivering the same quality of service at lower cost.
- Improving parks: Ensure the Council's parks remain a valuable resource for all residents and for visitors by improving them as outlined in the ten-year Parks Strategy and winning 'Green Flag' status for all of the Royal Borough's parks over the next decade.
- Transforming Exhibition Road: Deliver ambitious enhancements to Exhibition Road on time and to budget, creating a more welcoming environment in which to live, work and visit.
- ➤ Celebrating the Olympics and leaving a useful legacy: Capitalise on the 2012 Olympics and Paralympics to promote wider recognition of the Royal Borough as a place for creativity and innovation. Increase participation in sport and physical activity and encourage community involvement.
- Encouraging wider participation in the arts: Deliver the aims of the Arts and Culture Policy by supporting and delivering the implementation of those policy action plans that encourage people to take part in more cultural activity.
- > Supporting creative and cultural businesses: Deliver the Arts and Culture Policy by supporting and delivering the implementation of those policy action plans that create a thriving and sustainable cultural and creative sector in the borough.

## **CORPORATE SERVICES**

- Tackling crime and antisocial behaviour: Reduce crime and antisocial behaviour to make the Royal Borough a safe place to live, work and visit.
- Tackling worklessness and responding to the economic downturn: Reduce levels of worklessness, improve people's opportunities and tackle income poverty, especially in deprived areas of the Royal Borough. Take action to support the local economy and mitigate the impact of the economic downturn.

- **Equality of access and services:** Ensure all residents have fair and equal access to services and that customer services are of a high standard.
- > Supporting really good and responsive services: Maintain highly effective human resource systems, performance management, consultation arrangements, communications and property management services to ensure Really Good Services are delivered to residents.
- > Supporting the Smartest Council agenda: Provide effective support for the Smartest Council agenda and associated programmes.
- Ensuring effective financial systems: Retain effective and efficient financial systems to deliver a low Council Tax, ensure residents receive prompt payment of benefits to which they are entitled, and pay suppliers quickly and efficiently.
- > Ensuring good corporate governance: Effective legal services, governance services and internal audit.

#### **EXPLANATORY FOREWORD**

#### 1. Price Base

Revenue estimates are budgeted at out-turn prices to include the estimated inflation to the end of 2010/11.

## 2. Inflation

This includes increases in income such as fees and charges and inflation on expenditure, including the effects of pay awards and interest rate changes from the 2009/10 budget.

The 'super inflation' increase in national non domestic rates costs for Corporate Service buildings were the combined result of the estimated impact of the Valuation Office's latest five yearly revaluation of rateable properties and the Greater London Authority's business rates supplement for Crossrail which is due to come in from 2010/11"

## 3. Central Support Services and Departmental Administration Recharges

The cost of all central departments, administrative buildings and central services are fully charged to service cost centres. In addition departmental administration is also allocated to services in most cases. The bases of allocation for the main services are as follows:-

## **Department**

Finance

Information Systems
Personnel / Payroll
Legal Services
Property Services
Admin Buildings
Printing
General Services Management

and Maintenance

## **Basis of Charge (Main Services)**

Various – time apportioned **or** usage related charges
Numbers of PC's
Number of employees / payslips
Time recorded charges
Time recorded charges
Floor area occupied
Number of copies

Time Based Apportionment

#### 4. Salaries

Salary budgets are prepared on the basis of a total cash limit for each department rather than on the basis of actual salaries although the allocation of the salary cash limit to different services will normally reflect current staffing levels/grades.

## 5. Capital Charges

Capital Charges are calculated in accordance with CIPFA's capital accounting requirements, which in the 2010/11 budgets represent an provision for depreciation based on the expected life of assets, up to a maximum of 50 years.

## 6. Revenue Budget Changes

Changes arising from the Cabinet Business Plan are set out at the back of the detailed budgets. The Summary of Changes statement includes references to individual items.

#### **DESCRIPTION OF SERVICE**

In accordance with the Best Value Accounting Code of Practice, Corporate and Democratic Core comprise the costs of Democratic Representation and Management and elements of Corporate Management.

CIFPA describes Democratic Representation and Management as '...including all aspects of member' activities in that capacity, including corporate programme and service policy making and more general activities relating to governance and representation of local interest'.

Corporate Management is described as `...those activities and costs which provide the infrastructure which allows services to be provided, whether by the authority or not and the information which is required for public accountability.'

This budget also includes the expenditure on Town Twining Activities with Cannes.

- Pay and prices increases of £270 have been applied to this budget.
- (1) The recharge to Corporate and Democratic Core activities has been increased following a review against the CIPFA Best Value Accounting code of practice.

This budget covers the following:-

**Adult and Community Learning** which is secured through contracts with Kensington and Chelsea College and voluntary organisations, for which the Royal Borough is funded by the London Central Learning and Skills Council. Also included is the annual funding from the London Central Learning and Skills Council for Family Literacy, Language and Numeracy (FLLN) and Neighbourhood Learning in Deprived Communities (NLDC).

The provision aims to widen adult participation in learning as part of the broader strategy of lifelong learning and in 2008/09 academic year, over 6.000 adults aged 19 and over were engaged in a wide range of adult learning programmes and courses.

**The Student Support Service** which assesses financial support for students in higher education (the Student Loans Company is responsible for making payment). It also provides assistance with transport costs for school children (aged 5-16) and young people up to the age of 19.

Student Support also administers Learner Support and Post 16 Transport Partnership Funds from the Learning and Skills Council.

**The Employment Projects Team** works with local businesses, training providers and unemployed adults. The team manages and runs training and other employment related programmes, develops local initiatives to assist unemployed people to get back into work and secures external funding and other resources to enable these initiatives to operate. The team operates on a fully self financing basis and is always actively seeking funds to address the employability and skills needs of local residents and employers. Currently the team has secured funding from the Council's Strategic Regeneration Reserve.

- Pay and prices increases of £5,970 have been applied to this budget.
- Financial Plan savings of £23,420 and growth of £100,000 has been included within this budget.
- (1) Any changes in government grant income or other grants and contributions will be reflected by changes in expenditure.
- (2) Additional expenditure was incurred in 2008-09 on Home to School Transport for 16–19 year olds.

# DESCRIPTION OF SERVICE

This budget provides for the cost of resident pupils with statements of Special Educational Needs based in other local authorities maintained schools, special schools in accordance with the provision specified in individual statements. Recoupment charges are also payable for resident pupils educated in other local authorities hospital schools. The budget also provides for placing resident pupils in private, voluntary and independent school placements.

Income is also recoverable from other local authorities arising from recoupment charges for pupils with statements being educated in Royal Borough Schools.

### **MAJOR VARIATIONS**

Pay and prices increases have added £60 to the budget.

(1) The increase in third party payments represents the transfer of the SEN contingency from Schools Strategic Management and an increased allocation of the Dedicated Schools Grant in 2010/11.

#### **DESCRIPTION OF SERVICE**

The Education Welfare Service (EWS) works with parents, schools, pupils and other agencies to support full access to and participation in education. It enables the Council to fulfil its statutory responsibility to promote, encourage and enforce attendance. It supports schools in setting and meeting targets for attendance and unauthorised absence, providing a number of early intervention and prevention strategies. It plays a strategic role in child protection matters and in joint working with social services and the youth offending team.

#### **DESCRIPTION OF SERVICE**

The Royal Borough is responsible for 2 special schools: Chelsea Children's Hospital School and Parkwood Hall, a residential and day school near Swanlea, Kent. The latter provides for boys and girls with learning difficulties between 8 and 19 years and has 79 places. Approximately 2/3 are resident boarders.

Both schools receive delegated budgets under the Fair Funding scheme. where places are provided for pupils from other Boroughs the costs are recouped from the pupils home authority.

#### **MAJOR VARIATIONS**

The increase shown is an estimate at this stage based upon the Government's announcement of Dedicated Schools Grant. The figures above are based upon the requirements of the Minimum Funding Guarantee. The final Dedicated Schools Budget will be released in May 2010 following confirmation of the national census on  $21^{st}$  January 2010.

In accordance with the Best Value Accounting Code of Practice, the Corporate and Democratic Core comprises the costs of Democratic Representation and Management, and Corporate Management.

CIPFA describes Democratic Representation and Management as '…including all aspects of members' activities in that capacity, including corporate, programme and service policy making and more general activities relating to governance and the representation of local interest.'

Corporate Management is described as `.... those activities and costs which provide the infrastructure which allows services to be provided, whether by the authority or not, and the information which is required for public accountability.'

#### **MAJOR VARIATIONS**

The increase in the budget is due to changes in time allocations in line with CIPFA guidelines.

**DESCRIPTION OF SERVICE** 

Adult Social Care Service Strategy comprises the cost of the strategic management of the authority. It is defined by the CIPFA Best Value Accounting Code of Practice as consisting of two services:

Strategic Management: The director and her immediate staff. The director is expected is contribute the majority of the strategic input to strategic liaison with outside bodies and to associated plans.

Complaints Procedures include the cost of the complaints procedures required by the NHS and Community Care Act 1990.

Both components of Service Strategy consist of recharges from the Executive Group, covering the relevant staff.

This comprises the London wide concessionary fares scheme and the Taxicard scheme, funded from the Car Parking Reserve Account.

#### **MAJOR VARIATIONS**

• Pay and prices increases have increased the budget by £2,072,000. This is mainly due to the costs to the Royal Borough of the concessionary fares scheme, based on the London wide agreement with Transport for London. These are higher in 2010/11 due to a change in the methodology of apportioning costs and a potential reduction in grant funding.

This heading includes the salaries and associated costs of the strategic and support service functions within the Department of Housing and Strategic Development (HSD). These comprise:-

- Strategic, operational planning and joint planning and liaison with other agencies;
- Client side of the HRA;
- Research, information and evaluation;
- Regeneration programme co-ordination.

Costs are fully recharged to Adult Social Care, Housing Needs, Enabling, Housing Strategy, the Housing Revenue Account, the Corporate and Democratic Core and other Business Groups. The department also provides the following services, which are shown on separate budget sheets:

- Development of housing initiatives with housing associations and the private sector (see RSLs and Housing Advances);
- Direct services to people in housing need (see Homelessness and Housing Advice);
- Development of the housing strategy (see Housing Strategy).

- Pay and price increases have added £18,000 to the budget.
- Financial Plan growth has added £42,000 to the budget. This establishes the North Kensington Co-ordinator as a permanent post.
- Financial Plan savings have reduced the budget by £65,000. This comprises £40,000 arising from the review of Housing Needs, £22,000 from the deletion of a post within the Housing Policy team and £3,000 from savings in telephony and broadband costs.

#### **DESCRIPTION OF SERVICE**

This service includes the CIPFA accounting code of practice categories of homelessness, housing advice and other Council property:-

- Maintenance of the Council's Housing Register for housing need applicants
- Assessment of housing applications and the placement of homeless people in temporary accommodation pending investigation of applications
- Nomination of households for rehousing in both the Council's and housing associations' stock
- Resettlement of people with mental health problems or with AIDS/HIV in both Council and housing association properties
- The Royal Borough's contribution to the management costs of the travellers' site
- Implementation of the statutory Housing Register
- Housing advice and tenancy relations.

- Pay and Price increases have added £38,000 to the budget.
- Financial Plan savings have reduced the budget by £110,000 which includes a reduction of £73,000 arising from the review of Housing Needs, a reduction of £21,000 in the HALS budget to reflect current levels of expenditure and a saving of £10,000 arising from the transfer of the housing allocation functions from the TMO.
- Financial Plan growth has increased the budget by £61,000. This provides technical support to Housing IT systems and provision to implement Document Image Processing.
- The cost of the Temporary Accommodation service is expected to increase significantly from April 2010, following the introduction of a new subsidy regime for Housing Benefit. Provision of £443,000 within the Housing Benefit budget is being transferred to the service, however, a shortfall in 2010/11 is still anticipated. Additional temporary funding has been approved which in 2010/11 amounts to £750,000.

This heading covers the CIPFA accounting code of practice categories of registered social landlords (RSLs) and housing advances:

- The Council's work with housing associations and the Housing Corporation to provide homes for families in housing need and to maintain the homes of existing association tenants. The Council also maintains loans with associations. These comprise "residual loans" which are long-term mortgages.
- 'Let's Rent' private sector housing initiatives
- The administration of mortgages for Right-to-Buy and other individuals.

- Pay and Price increase have added £5,000 to the budget.
- Financial Plan savings have reduced the budget by £228,000. This comprises £207,000 arising from the review of Housing Needs and a reduction of £21,000 in the incentives budget to reflect current levels of expenditure.

From 1 April 2003, the funding arrangements to enable vulnerable people to live independently in the community were replaced by a single budget administered by local authorities. The Supporting People grant is used to commission a wide range of housing support. Older people, sheltered accommodation and people with special needs are included in the scheme.

- The reduction in Government grants arises from the transfer of the Supporting People Grant to the Area Based Grant.
- The Supporting People Grant has reduced by 5% to £9,629,000 which has reduced funding available to fund the main Supporting People Programme.
- The 2009/10 budget included a drawdown of £1,000,000 from the Supporting People Reserve. This will not be required in 2010/11 and the budget has been adjusted accordingly.

The salaries of managers, personal assistants, project management, and support services staff are shown here with their associated running costs.

Support Services carries out a wide variety of functions on behalf of the Department as a whole. In addition to traditional administrative support functions, such as service of statutory notices, typing and file handling, this includes a Business Systems Unit with a brief to sustain and develop information technology and management information systems. Project management is part of this function, identifying and implementing service improvements.

- Pay and price increases have added £19,000 to the budget.
- Financial Plan savings have reduced the budget by £65,000 which comprises £48,000 from employee costs, £10,000 from rationalising IT licences and £7,000 from discontinuing our subscription to the Barbour Index Licence.
- Employee budgets have been realigned within Environmental Health resulting in an increase of £25,000 to this budget.

This service investigates food poisoning and infectious disease outbreaks and works to ensure that food is safe to eat in the borough. Officers undertake programmed risk-based inspections of around 1,700 food premises per year for food hygiene and food standards, respond to complaints, food alerts and sample foodstuffs. The team also undertakes health and safety inspections of food premises and investigates accidents and complaints.

Enforcement action including the serving of improvement notices, closure of premises, seizure/detention of unsafe food and prosecutions are also taken where appropriate and in line with the Enforcement Policy.

The Environmental Health training function is undertaken by the Food Team's services. This involves the provision of direct and contracted training on food hygiene and safety matters to catering workers and managers, and the development of internet based approaches to training.

- Pay and price increases have added £8,000 to the budget.
- Financial Plan savings have reduced the budget by £17,000 due to the deletion of a part time Technical Officer.
- The budget assumes no change in the assumed level of income from fees and charges. However, in 2008/09 and the current year the actual levels of income have been lower than budgeted. This shortfall is assumed to be linked to the recession.
- Employee budgets have been realigned within Environmental Health resulting in a decrease of £9,000 to this budget.

The Trading Standards Service provides the following:

Enforcement of legislation controlling weights and measures, trade descriptions, consumer safety, consumer credit, prices, hallmarking and textile labelling. This requires routine visits to trade premises and also the investigation of complaints. Tasks include testing of weighing and measuring equipment, checking weights and descriptions of goods and examining advertisements, labels and price displays. Test transactions are carried out to see if the correct weight is sold and if goods and services are correctly priced as described, and safe.

Advising members of the public and local businesses on Trading Standards matters.

Test purchasing for underage sale of alcohol, tobacco, knives and glue.

Weighing road vehicles to check whether laden weights exceed legal limits.

Testing new and repaired weighing and measuring equipment before use in trade.

Seizure of counterfeit goods and enforcement of the Video Recordings Act.

- Pay and price increases have added £6,000 to the budget.
- Financial Plan savings have reduced the budget by £11,000 due to the deletion of a part time Trading Standards Officer.
- Employee budgets have been realigned within Environmental Health resulting in a decrease of £26,000 to this budget.

**Health and Safety** The Team investigates accidents and cases of ill health at work and ensures that the health, safety and welfare of employees and members of the public are protected. Some 1,100 premises are inspected annually. Priority areas for inspection work include working at height, slips and trips, workplace transport and other dangerous working practices. Inspections also include occupational health problems to prevent illnesses such as dermatitis and musculoskeletal disorders including repetitive strain injuries. The Team also deals with high-risk activities that have the potential to seriously affect public health including the removal of asbestos and the inspection of wet cooling towers to prevent the growth of Legionella bacteria. Enforcement action in line with the Enforcement Policy includes the service of notices to remedy defects, seizure and detention of dangerous equipment and prosecution for health and safety failures.

- Pay and price increases have added £7,000 to the budget.
- Financial Plan savings have reduced the budget by £5,000. This relates to a reduction in the commercial equipment budget.
- Employee budgets have been realigned within Environmental Health resulting in a decrease of £6,000 to this budget.

This comprises the Royal Borough's contribution towards the provision of a mortuary and Coroners' Court service.

The control of rats, mice and insect pests is provided by a team of pest control officers, who carry out over 7,000 treatments each year. They also provide a pest control service to other Council departments, Registered Social Landlords and the Tenant Management Organisation. Other work undertaken includes collecting clinical waste.

- Pay and price increases have added £7,000 to the budget.
- Financial Plan savings have reduced the budget by £6,000 due to the deletion of a part time Clinical Waste Officer.
- Additional budget provision of £30,000 has been made to address the increasing costs of the Coroners and Mortuary service.
- Employee budgets have been realigned within Environmental Health resulting in a decrease of £5,000 to this budget.

This deals with the abatement of environmental pollution, principally noise.

Over 10,000 complaints are received every year of noise disturbance from various sources including construction sites, noisy neighbours, parties, burglar alarms and noise from licensed premises. Enforcement action is taken by the serving of notices and prosecutions where appropriate.

The majority of noise complaints are received out of office hours. The complaint burden is also very seasonal, with more complaints received in summer than winter, which presents a challenge for managers in allocating resources to meet demand.

This service also deals with complaints arising from major infrastructure issues including railway noise and engineering projects which require liaison with other departments including Planning and Borough Development.

- Pay and price increases have added £17,000 to the budget.
- Financial Plan savings have reduced the budget by £80,000. These relate to savings within the employees budget.
- Employee budgets have been realigned within Environmental Health resulting in a reduction of £66,000 in this budget.

Under its Private Sector Renewal Strategy, the Team aims to improve the housing stock, through enforcement action if necessary, to protect the safety and health of occupying tenants. Action is taken to tackle disrepair, absence of proper fire precautions, overcrowding, lack of amenities, or poor management. Notices are served requiring the execution of works or the closure of unfit houses.

The Team also administers a Renovation Grants Scheme which targets scarce resources to those properties and persons in greatest need. Generally this entails bringing homes up to standard in terms of fire safety, repair, amenities, energy efficiency and where possible, home security. The Council's Affordable Warmth Strategy contains a range of initiatives aimed at reducing fuel poverty amongst the most vulnerable residents.

- Pay and price increases have added £12,000 to this budget.
- Financial Plan savings have reduced the budget by £51,000 which is due to savings in employee costs.
- $\bullet$  Employees budgets have been realigned within Environmental Health resulting in an increase of £21,000 to this budget.
- Time limited funding for Empty Homes Officer has reverted back to Housing Needs resulting in reduction in employee budgets by £45,000.

The Housing Revenue Account (HRA) contains all the income and expenditure on goods and services relating to the provision, management and maintenance of the Council's properties and tenancies. By law, the HRA must be balanced with no contributions to or from the General Fund. Since April 1996 responsibility for management and maintenance has been delegated to the RBKC Tenant Management Organisation, and it is now responsible for most budgets. The Council retains responsibility for a limited range of budget headings which are inappropriate for delegation. For 2010/11 rents have again been set in line with the government's rent restructuring formula.

### **MAJOR VARIATIONS**

**DESCRIPTION OF SERVICE** 

The TMO's base management fee has increased by 1.5% inflation from 2009/2010.

Agency & Contracted Services reduction is mainly due to the Premises Security budget of £138,000 being transferred from the TMO management fee to the Premises Related Expenditure budget, and also the transfer of the Allocations service to the Council.

An increase in government grants is due to a net increase in housing subsidy that mainly relates to increases in Major repairs allowances and Maintenance allowances.

A reduction in Fees, Charges & Other Client Income, is mainly due to a fall of £1.3 million in Major works income.

A decrease in interest is due to a decrease in interest rates leading to a reduction in income of £197,000

### **DESCRIPTION OF SERVICE**

The support services included are the **Executive Director and Personal Assistant**, the **Head of Policy and Design, the Town Centre Manager, Central Support** (Post, Filing, and Document Imaging), **Technical Support** (IT development, software support, systems administration), together with department wide budgets for general office costs.

The **Head of Business Support** co-ordinates performance monitoring reports, service delivery planning and corporate initiatives such as Investors in People, SPACE and Risk Management across the business group. A **Graphic Designer** provides a service to all sections in Planning and Borough Development.

### **MAJOR VARIATIONS**

Pay and price increases have added £4,500 for 2010/2011.

£30,000 has been added to the budget from the Strategic Regeneration Reserve, to fund an administrative support post for the implementation of Town Centre initiatives. This is for 2010/11 only.

Employee costs have been reduced by £56,000 following the deletion of one post as part of the 15% reduction in Management Costs exercise.

The department deals with some 1,250 building regulation applications each year that are made to the Council under **Building Control** legislation. These cover a variety of activities including erection, extension or alteration of a building, fire precautions, alterations to drainage, ventilation, underpinning foundations, sound and thermal insulation and access for the disabled. Building Control Surveyors vet and approve submitted plans and make site inspections at certain key stages of the construction process to ensure compliance with the regulations.

The department is the only regulatory function that is operating in competition with private sector providers.

The department also deals with the licensing of special and temporary structures and generally gives advice about fire precautions and building control matters. Senior staff members are on call to provide a twenty four hour service in respect of Dangerous Structures. The cost of the works carried out to secure these structures is fully reimbursed.

### **MAJOR VARIATIONS**

Pay and price increases have added £21,070 for 2010/2011.

There has been a £64,000 reduction on staffing costs following the 15% Management Costs Review exercise.

The Building Regulations Fees budget has been decreased by £300,000 to better reflect the current trend which has been seriously affected by the recession. This loss of income has been offset by budget reductions within the business group and in particular from Building Control by a £94,000 reduction in salary costs and £90,000 for one off service improvements approved for 2009/10 as part of the recommendations of the Royal Borough Review of Building Control dropping out.

**Development Control** and **Support** are responsible for implementing the Council's planning policies through the exercise of its development control powers. In 2009/10 3,000 planning applications are estimated to be considered. Related functions include the enforcement of planning controls, appeals against the Council's planning decisions, liaison with residents' and amenity groups and the maintenance of property based records of planning decisions and planning constraints.

**DESCRIPTION OF SERVICE** 

Pay and prices have added £38,810 for 2010/2011.

Employee related costs have been reduced by £198,000, of which £90,000 results from the 15% Management Cost Review and the remaining £108,000 from retaining vacancies reflecting the lower workload. A further £25,000 has been transferred to Customer Services for taking over responsibility for Planningline.

A new charging regime was introduced from 1 April 2009 for pre planning applications advice and has proved successful to the extent a budget of £175,000 has been included for next year, although this may prove difficult to achieve in the current economic climate.

The Planning Applications fee budget has been reduced by £240,000 in 2010/11. This is to right-size the budget to reflect current income levels, which are affected by the downturn in the housing market.

Planning Delivery Grant of £44,000 has been included for two Graduate Trainees.

The **Policy Team** is responsible for the Local Development Framework – the statutory document by which the future of the borough is planned. The team is responsible for gathering the evidence – such as housing and retail assessments – on which new policies are based. A major piece of work is coming to completion – the Core Strategy will be put before a government inspector in 2010 prior to being adopted by the Council. There is a townscape improvement programme seeking the removal of graffiti and visual clutter.

The newly formed **Strategic Sites** team is responsible for significant sites within the Borough such as Kensal, Earls Court and Wornington Green. The team will prepare briefs for each of these sites, in conjunction with the landowners and the community, as well as assessing any related planning applications.

#### **MAJOR VARIATIONS**

Pay and prices have added £14,320 for 2010/2011.

A new team dealing with Strategic Sites has been established and this is made up of members of staff from within Development Control, Policy and Design and Conservation. £231,000 has been transferred to cover the salary costs of this team.

£25,000 has been transferred to Customer Service team for taking on Planningline.

The Graffiti budget of £76,000 has transferred into Policy along with one member of staff.

£50,000 has been included for the preparation work associated with the Local Development Framework funded from Planning Delivery Grant.

Section 106 contributions have been included to fund the S106 Officer from 2010/11 onwards.

Responsibility for the Graffiti initiative budget has transferred from Design and Conservation.

The **Arboriculture** service is responsible for the management of the Council's 8,000 trees. Most of these are pruned on a three year cycle except for those in the north of the borough on clay soils which are pruned biennially to lessen the likelihood of them causing subsidence damage to adjacent properties. Around 200 trees are planted each winter the majority of these being replacements for those which have died or have had to be removed for safety reasons.

The team also handles around 1,000 applications annually to do works to trees protected by Tree Preservation Orders or those situated in Conservation Areas. Advice is also given to planning officers on the potential impact of new developments on trees.

A twenty-four hour emergency service is also provided.

### **MAJOR VARIATIONS**

**DESCRIPTION OF SERVICE** 

Pay and prices have added £10,500 for 2010/2011.

A reduction in tree root insurance premiums has been redirected to street tree maintenance in 2010/11.

**Local Land Charges and Planning Records** maintain the Local Land Charges Register, provides a prompt response to all search applications and handles Naming and Numbering requests. The Planning Records team provides copy documentation and planning history information upon request.

The Local Land Charges team transferred from Corporate Services in 2009/10

### **MAJOR VARIATIONS**

Pay and prices have added £2,510 for 2010/2011.

£25,000 employee costs have been transferred to Customer Services for taking over responsibility for Planningline.

The income target for Local Land Charges in 2010/11 has been reduced by £700,000 due to the continuing impact of the recession causing a sharp drop in the number of searches being received. £400,000 is a permanent reduction as this reflects the ongoing change in the market for searches. £300,000 is funded temporarily from the Council's Service Risk Reserve.

# **DESCRIPTION OF SERVICE**

This comprises the Executive Director and Personal Assistant, Group Finance, and Strategy and Service Development with the associated running costs. Also included are the Business Group's training budgets and some centrally held monies under the control of the Executive Director.

These costs are fully recharged to the departments and services.

# **MAJOR VARIATIONS**

Pay and price increases have added £29,710 to the budget for 2010/2011.

Following a reallocation of the salary budget, £30,000 has been transferred from Licensing to Strategy and Service Development.

This budget heading includes recharges from the Strategy and Service Development Division of the Executive.

The areas of work covered include the development of the Council's Environmental Strategy, Climate Change Strategy and the coordination of action planning, measurement, publicity and communications. This also includes the North Kensington Environment Project that was originally supported by Neighbourhood Renewal Funding, but which is now embedded in mainstream funding. The project aim is to promote and facilitate environmental improvements to vacant land, buildings and bridges in North Kensington with the involvement of the local community.

# **MAJOR VARIATIONS**

Pay and price increases have added £5,110 to the budget for 2010/2011.

£80,000 has been added to the Environmental Initiatives budget for Climate Change Initiatives (Ref. No. 2).

The Licensing Team provides integrated control of premises and persons requiring licences under the Licensing Act 2003, Gambling Act 2005 and other licences issued for "special treatments" (acupuncture, beauty parlours, etc.), explosives, fireworks, amusement arcades, etc. The type of premises licensed under the 2003 Act requires that enforcement activity normally has to take place during unsocial hours. There are approximately 1,000 premises licensed under this legislation in the Borough.

The Licensing Team also undertakes cocaine testing in licensed premises in partnership with the Metropolitan Police with the intention of raising awareness amongst licensees and reducing the opportunities for using of the drug in licensed premises. The Team also manages the Best Bar None scheme within the Borough, having successfully piloted it in six wards in 2008.

An officer force exists under this heading to monitor and work with the Council's cleansing contractors and to control the many offences that occur on the public highway, over which the Council has jurisdiction. These include abandoned bicycles, shopping trolleys and vehicles, builders' work, dogs, litter, obstructions, and illegal street trading. A considerable amount of effort is directed towards the control of refuse placed on the public highway. Thousands of bags are opened every year in search of evidence about the ownership of the rubbish

Additionally, assistance is given to the Recycling Service to help promote the Council's Recycling initiative and to curb illegal street trading.

These costs are recharged to the relevant business units within Waste Management, Culture and Leisure and Transportation and Highways.

This is a new distinct service having been separated from the Out of Hours service at the beginning of 2010. A small team will provide a dedicated proactive facility to users including the Metropolitan Police Service and other external departments which will reduce crime and antisocial behaviour within the Borough using its 60 public space cameras during its operational period on a daily basis. The equipment will be renewed over the next 24 months and a review will establish best locations utilising the new equipment.

This service will be dedicated to crime reduction and will have a well trained and well supported team to provide this new service to our partners. It is also expected that internal departments will make more use of this now dedicated service with good results.

The digitalisation of the recording of images has enabled a more comprehensive service to those seeking secure quality pictures capable of satisfying the Judiciary and enabling quality images to be circulated to relevant agencies in the fight against terrorism and other serious crime.

The Department acts as the custodian of the service for the Head of Community Safety for the Council.

# **MAJOR VARIATIONS**

Pay and price increases have added £1,630 to the budget in 2010/2011.

The Employees budget of £142,000 has been created following the split from the Out of Hours Service. These costs previously came through as Departmental Support Service Recharges.

This business unit shows the costs to the Council of street cleansing, domestic refuse and public conveniences. The current contractors are S.I.T.A. (UK) Ltd. This does not include any payments to Western Riverside Waste Authority as these are shown separately under Waste Disposal.

The domestic refuse fleet includes 15 split-back recycling vehicles for the at least twice-weekly service, as well as other vehicles.

The operations also include manual street cleansing, street sweeping by hand and by footway machine, mechanical road sweeping, gully cleansing, carriageway flushing, leaf clearance in season, litter bins, snow and ice clearance and gritting during the winter, grit bin provision and maintenance, and also dump clearance. Regular checks are also made to the Public Conveniences and Autoloo sites throughout the Borough. Cleansing takes place throughout the day and night at frequencies dependent upon location and requirements under the Environmental Protection Act. Also, in compliance with the Act a system of rapid response is in operation, which can respond to justifiable complaints.

The Animal Warden Service contract provides resources to patrol housing estates as well as the public highway.

The costs for the "Too Big for the Bin" service are also included here.

#### **MAJOR VARIATIONS**

Pay and price increases have added £198,730 to the expenditure budget, however income has also been increased by £2,760 resulting in a net increase of £195,970 in 2010/2011.

# **DESCRIPTION OF SERVICE**

The Council's Commercial Waste Portfolio is managed in-house. This arrangement commenced in April 2005 when the new Waste Management Contract was put in place. The Council was asked to review the effectiveness of the new operation after 12 months. This was done and the decision taken to keep the service in-house but under review.

Commercial Waste makes provisions for the collection of waste material from trading organisations and other premises, for which the Council has a right or duty to charge. Refuse containers such as paladins, skips and compactors are also hired out. Collection of waste material can occur in the morning or evening and on primary routes at night. The service operates seven days per week, 364 days per year.

Taking control of the majority of commercial waste in the Borough helps considerably in managing how it is presented for collection and benefits the recycling initiative. Commercial Waste is collected as part of the main contract, which S.I.T.A. (UK) Ltd operates. Collecting commercial and domestic waste simultaneously has efficiency and economic benefits.

Payments to Western Riverside Waste Authority are not included here, but shown separately under Waste Disposal.

# **MAJOR VARIATIONS**

Pay and price increases have added £37,210 to the expenditure budget, however income has also been increased by £122,540 resulting in a net decrease of £85,330 in 2010/2011.

The Employees budget has been reduced by £46,000 following a Management reorganisation across the Business Group (Ref. No. 7).

# **DESCRIPTION OF SERVICE**

This Business Unit covers the costs of disposing of The Royal Borough's refuse by the Western Riverside Waste Authority (WRWA) of which The Royal Borough is a constituent member, along with Wandsworth Borough Council and the London Boroughs of Hammersmith and Fulham, and Lambeth. The charging basis from 2009/10 is on rates per tonne for the various waste streams, with a residual levy to apportion civic amenity costs and authority overheads among constituent councils on the basis of council tax-bases.

In an effort to reduce the amount of waste disposed in Landfill sites the Government introduced a Landfill Tax on 1 October 1996. This tax will increase from £40 to £48 per tonne on 1 April 2010. This has increased the cost of waste disposal and where appropriate Commercial Waste charges have been increased to reflect this

The extra cost of disposal from the introduction of Landfill Trading Allowances (LATS) will make landfill even more expensive. However providing the Belvedere waste to energy plant progresses as planned, and provided there is no change in law, significant additional costs associated with LATS should be confined to 2009/2010 alone.

# **MAJOR VARIATIONS**

Pay and price increases have added £139,810 to the budget in 2010/2011.

In June 1993, the Council launched a door-to-door collection service for recycling materials for both domestic and commercial properties. The material is now dealt with by the WRWA via Cremorne Wharf and a temporary Materials Reclamation Facility in East London. The WRWA's own brand new Material Reclamation Facility is unlikely to come online until late in 2010.

The education function of the Recycling Service was established to boost participation and maximise the amount of material collected. A team of 5 Recycling Advisors is deployed to promote participation in recycling.

The current service contract provides for split-back vehicles and at least twice-weekly recycling collections borough-wide. A free distribution of orange recycling bags to all households started in April 2006 and has significantly improved our recycling performance.

This business unit records the income and expenditure associated with the street trading sites managed by The Royal Borough. The account is intended to be self-balancing in the long term. Income is derived from permanent and temporary site lettings. There are 70 licensed sites on Golborne Road, 250 on Portobello Road and 30 isolated sites scattered around the borough. The charges are reviewed annually. Under current legislation the Council can only recover specified costs through its charges.

Refuse collection and cleansing of the market area is carried out by S.I.T.A. (UK) Ltd.

These business units include the maintenance and upkeep of parks and open spaces and the Council's contribution to Lee Valley Regional Park. In addition, the Ecology Service and Parks Police budgets are included here.

The Borough's 8 main parks cover some 34 hectares (84 acres), the main provision being Holland Park, 22.5 hectares of which approximately 10 hectares (25 acres) is woodland. In addition, approximately 100 smaller open spaces, public squares, landscaped highway verges, reservation and traffic islands are managed by this service totalling approximately 17.8 hectares making a grand total of 40.3 hectares. In addition, since May 2008, the Royal Borough has a 20 year agreement with the London Borough of Hammersmith and Fulham to provide daily management of Little Wormwood Scrubs (7.2 hectares or 18 acres).

The parks and open spaces provide a diverse range of amenities for active and passive recreation including formal and informal gardens, sports facilities, children's playgrounds, wildlife areas, paddling pools, refreshment facilities and car parking. Grounds maintenance and management of sports facilities in parks is undertaken by Quadron Services. The new contract commenced from January 2008 and will run for 12 years with a possible break at 6 years.

During park opening hours, the Parks Police service provides a community policing service to all the parks and open spaces in the Royal Borough with constant high profile patrolling in Holland Park and a peripatetic service to the remainder.

This budget covers the support staff and other costs of operating the Opera Holland Park season in the Holland Park Theatre, which runs from the beginning of June to the middle of August. A new canopy and seating were put in place for 2007.

Production costs can be a little unpredictable as this form of theatre involves several principal singers, chorus and sets. Income can be volatile depending on external support, the elements and review.

# **MAJOR VARIATIONS**

Pay and price increases have added £37,490 to the expenditure budget, however income has also been increased by £39,680 resulting in a net decrease of £2,190 in 2010/2011.

The 2010/11 budget has been increased by £170,000 to reflect realistic operating costs based on previous years. This has been funded by transferring surplus budget provision from Highway Maintenance where new contract prices are below the original budget provision.

This budget covers:

**Leighton House** is a unique example of Victorian design accommodating an extensive collection of drawings and paintings by Lord Leighton. The house contains two galleries that are used for prestige shows of contemporary and Victorian art. The House is now closed for major internal refurbishment and will reopen in the Spring of 2010.

**Linley Sambourne House** is one of the finest examples of a late Victorian house. It still retains much of its original furnishings and artefacts.

**The Orangery and Ice House** offer international programmes of contemporary visual and applied arts exhibitions (April to October). The Orangery also serves as a venue for hire for events including press and product launches, social occasions and formal functions.

# **MAJOR VARIATIONS**

Pay and price increases have added £4,050 to the expenditure budget, however income has also been increased by £6,330 resulting in a net decrease of £2,280 in 2010/2011.

An additional £80,000 is included in the Premises budgets for 2010/11 for sustainable museum maintenance (Ref. No. 1).

DANCDODTATION AND LICUWAVE LICUWAY MAINTENANCE

There are 208 kilometres (130 miles) of public highway in The Royal Borough, of which 12.5 kilometres (8 miles) are maintained under the responsibility of TfL as part of the Greater London Authority. This business unit funds works under the following categories: -

Programmed and non-programmed footway and carriageway works, with emphasis placed on high quality works and materials in accordance with the Council's policy. Highway inspections and maintenance of guard rails, bollards, road markings, street name plates, memorials and fountains, benches and the inspection and maintenance of bridges including Albert Bridge. The Project Team is currently tendering a major contract for the refurbishment of Albert Bridge.

Repairs and renewals of road gullies and highway drainage and implementation of traffic management schemes. All work is undertaken by contractors.

Also included is the administration of temporary road closures, the bus shelter contract and the control of advertising on banners.

# **MAJOR VARIATIONS**

Pay and price increases have added £175,210 to the budget in 2010/11.

Several maintenance contracts were renewed for commencement in 2009. The rates are below those being paid in the existing contracts, therefore the budgets can be reduced by £424,390 without impacting on spending power (Ref. No. 8). In addition, a more recent contract renewal has also come in below existing budget and this surplus provision has been transferred to Holland Park Opera.

The Footway Maintenance budget has been reduced by £750,000 due to a change in working practice on the treatment of inset boxes (Ref. No. 9).

This service includes the maintenance and replacement of the street lighting columns, lanterns, illuminated and non-illuminated signs, Albert and Chelsea river bridge lighting, illuminated bollards, pedestrian crossing equipment and maintenance of Pay and Display equipment and Portobello Market feeder pillars.

There is a total of approximately 15,500 lighting points maintained by this section including street lights, illuminated signs and bollards on the public highway, lighting under the Westway and private street lighting. White light is being introduced on both main roads and residential streets as a replacement for high pressure sodium, and there are now Heritage and modern styles of main road lighting unit.

Green energy has been purchased since October 2000 and all installation and maintenance of public lighting is contracted out.

# **MAJOR VARIATIONS**

Pay and price increases have added £21,900 to the budget for 2010/2011.

The two year contract on the provision of energy commenced in April 2009 and is at a lower price than the previous one. This and an initiative on metering electricity to reduce costs can save £200,000 (Ref. No. 10).

£2,590 has been transferred to Transportation and Highways Administration centralising the stationery budget.

The expenditure and income relating to various categories of rechargeable works appear under this business unit. Rechargeable works are undertaken for a wide variety of organisations and individual charges are reviewed annually.

- a) Lamping: The Council recovers its expenditure where possible on the placement of lamps and barriers to protect the general public from obstructions on the highway.
- b) Coal plates: Members of the public who have dangerous coal plates in front of their property may either have them removed or safe ones fitted at their expense.
- c) The cost of providing vehicle crossovers, and damage to the highway caused by scaffolds, skips etc. is recharged to the developer.
- d) Damage to street furniture is recharged to perpetrators where possible.

New Roads and Street Works Act 1991 (NRSW Act): A small team maintains the streetworks register and carries out rechargeable inspections of Utility company works on the highway, and generates additional income from defects if nationally agreed standards are not maintained. This Act also enables charges to be applied for over-running utility company works, and the detailed arrangements for this are changing under the new Traffic Management Act.

The section deals with the impact of major projects and policies which affect the Council, including congestion charging, and for the development and promotion of the Council's transport Policies.

This service is responsible for transportation policy, and transport development standards, including the preparation of the Council's Transport Local Implementation Plan. Staff are also engaged directly on the highway and transportation aspects of Development Control, the provision of facilities for cyclists, road safety education and training, and indirectly with all matters relating to the provision of public transport in the Borough. The team works closely with Transport for London and is currently engaged with TfL on such issues as the Mayor's Cycle Docking stations and the Mayor's Transport Strategy. They are also involved with TfL and the ODA on local transport matters relating to the Olympics. The team investigates and responds to a huge range of traffic and transportation issues raised by various stakeholders. The service also includes the preparation of the Council's road safety plan, and the development of measures to reduce accidents.

# **MAJOR VARIATIONS**

The Council owns two car parks located at Kensington Town Hall and Young Street. Income from the Town Hall Car Park is derived from charges to the public and users within the Council. The Council approves the scale of charges, which are reviewed annually.

The Young Street Car Park has a long term leasing arrangement and the Council receives income based on the number of spaces and a percentage of the turnover. The scale of charges is broadly in line with the Town Hall Car Park.

# **MAJOR VARIATIONS**

Pay and price increases have added £21,690 to the budget for 2010/2011.

There has been an increase in capital charges of £90,460 due to the revaluation of assets.

Income from daily parking at Kensington Town Hall has dropped off as a result of the recession and congestion charge. The Council also receives a share of the income from Young Street. Even if circumstances change, previous usage levels are unlikely to return and the budget has been reduced by £100,000 (Ref. No. 3).

# **MAJOR VARIATIONS**

Pay and price increases have added £209,110 to the budget in 2010/2011.

The salary budget has been reduced by £258,000 following a review of the structure (Ref. No. 7).

£306,400 has been transferred to Corporate Services following the relocation of Parking staff to Customer Services.

The carriageway markings contract was renewed for commencement in 2009. The rates are below those being paid in the existing contract; therefore the budgets can be reduced by £25,610 without impacting on spending power (Ref. No. 8).

 $\pounds 3,760$  has been saved through Information Systems efficiency savings (Ref. No. 12).

There is a reduction of £634,000 on the compliance contractor's budget following a change in working practices and £68,700 on the London Councils and court registration as a result of falling PCN's. The Compliance income budget has also been reduced by £702,720.

The Resident Permit income budget has been reduced by £100,000 as the number of permits issued has slightly decreased and when residents change their vehicles they will almost certainly be in a lower CO2 band contributing to income drift (Ref. No. 4). The remaining variations arise from the reallocation of expenditure internally between business units.

| 8          | Highways and<br>Construction | Savings from new highway maintenance contracts                               | Several maintenance contracts were renewed for commencement in 2009. The rates are below those being paid in the existing contracts; therefore the budgets can be reduced without impacting on spending power.  | -450             |                  |                  |
| 9          | Highways and<br>Construction | Modify specification of materials for highways maintenance                   | Within the existing budget is provision to use inset boxes to replace traditional metal or concrete utility boxes with York stone. Were the Council to leave the existing boxes in place and work round them the budget could be reduced by £750,000. | -750             |                  |                  |
| 10         | Highways and<br>Construction | Reduced street lighting electricity costs                                    | The two year contract which commenced in April 2009 is at a lower price than the previous one. This and an initiative on metering electricity to reduce costs can save £200,000 pa  | -200             |                  |                  |

#### Notes

- 1 Employee costs have reduced for 2010/11 with the impact of the 15% Management Costs Review and other staffing efficiency savings reducing the budget by £656,000
- **2** The 2009/10 budget included £4.2 million for the efficiency divident and local business support to help residents combat the effects of the recession
- 3 In 2008/09, under the Local Authority Business Growth Incentive (LABGI) scheme, the Council received £1.627 million. There was also a change in accounting arrangements for grants now received through Area Based Grant
- **4** In 2009/10 the Land Charges team moved to Planning and Borough Development resulting in a £1.4 million reduction in income
- **5** For 2010/11 Central Departments recharged to other departments decreased due to lower energy costs, capital charges and investment in the Here to Help initiative

#### **MAJOR VARIATIONS**

Pay and price increases have added £143,000 to the budget for 2010/11.

There has been a £500,000 reduction in the funding for Here to Help initiatives, mainly on employee costs, leaving £600,000 remaining to complete service reviews, develop the contact centre and web interface. The Here to Help Programme Manager is funded for a further year from the Cost Reduction Reserve, so releasing £80,000 back into the business group's contingency.

The deletion of two business process review posts together with a rationalisation of Customer Services advisor roles will deliver savings of £120,000.

Efficiency gains of £107,000 have been achieved by Financial Services with the deletion of posts in Group Finance (£25,000), Accounts Payable (£45,000) and Accountancy Control (£14,000) and a reduction in use of consultants (£8,000).

Audit will make less use of contractors/agency next year making a saving of £15,000. A post in the Corporate Investigation Group will become self funded from the Tenant Management Organisation (TMO) saving £21,000.

Management costs and efficiency savings of £78,000 have been made by the Cashiers service.

The Information Systems Department provides a comprehensive IT service to all Business Groups, connected external partner organisations/support providers, and Councillors.

The department manages the Council-wide secure infrastructure services and systems including; Email, Voice and Data Network, Internet and Intranet, Corporate Server farms, and IT Support for the use of network attached PCs and peripherals. ISD Strategic Development includes strategic management of the Council's Information and Technology infrastructure, setting policy and standards and monitoring compliance and performance.

Other services provided are – Access to Information (including Data Protection and Freedom of Information), IT Training, Geographical Information Systems, Development and maintenance of key application systems, support for the re-engineering of business processes and the management of the FISP quality registration.

#### **MAJOR VARIATIONS**

Pay and price increases have added £118,000 to the budget for 2010/11.

Reserve funding of an extra £25,000 for one off costs to secure data exchange standards to achieve connection to the Government Secure network (GCSx). The funding for the purchase of data encryption software drops out in 2010/11 (£60,000).

Staffing savings of £85,000 have been made through the deletion of a Production Services post and Geographical Information Systems post.

The Personnel department has three teams each headed by a Personnel Manager.

**Recruitment and Development** sets corporate policies and standards, manages contracts for recruitment advertising and temporary staff, provides core training, corporate development programmes and consultancy support for Business Groups. The team also runs the Council's training centre and manages the Headstart, Restart and business administration trainee scheme. Supports Member development.

**Employee Relations** provides managers and staff with advice and guidance and leads on job evaluation and performance management. The corporate health and safety team is also included.

**Policy, Systems, and Payroll** ensures compliance with legislation and develops employment policy. The team also maintains and develops the department's systems, chiefly the ResourceLink payroll/personnel system, as well as Personnel's use of the intranet. The Council's payroll team is based here as is the client-side pensions service. This team also produces corporate management information relating to the workforce.

#### **MAJOR VARIATIONS**

Pay and price increases have added £84,000 to the budget for 2010/11.

£110,000 has been added following the re-tendering of the occupational health contract which resulted in a higher price for the same service.

Management savings of £32,000 have been delivered through a re-organisation and a re-assessment of workload by automating systems and making line managers more self-reliant. Efficiency savings of £38,000 have been included through a reduction in use of consultants and general office costs.

To meet the higher budget savings target, the Councilwide staff training programme has been reduced by £25,000 and the Headstart programme by £20,000.

**DESCRIPTION OF SERVICE Facilities Management** consists of:

FACTITITES MANAGEMENT

• **Conference and Events** which operates the Kensington Conference Centre (including the Great and Small Halls) and the Main and Small Halls at Chelsea Old Town Hall.

- **Building Management** and **Maintenance** which manage and maintains Kensington Town Hall, Council Offices Pembroke Road and Chelsea Old Town Hall as well as at some properties operated by Transport, Environment and Leisure Services and Family and Children's Services.
- Print and Mailroom Services which provides printing, photocopying and post services.
- **Energy** which procures gas and electricity for the Council

The **Procurement and Contracts Team** manages corporate contracts, including fleet leasing and supplies contracts.

#### **MAJOR VARIATIONS**

Pay and price increases have added £218,000 to the budget for 2010/11.

A saving of £240,000 on planned and routine maintenance of Kensington Town Hall as a consequence of the SPACE Programme has been included.

There has been a net saving of £50,000 by discontinuing the staff trolley service and vending machines in the Royal Café and replacement with a self funding external provider.

The additional funding provided for inflation on energy prices in 2009/10 is not now needed following a retendering exercise and a saving of £200,000 made.

The service is the custodian of the Council's Constitution and the Council's Member-level governance arrangements. It ensures robust and transparent decision-making systems, contributes to the effectiveness the Scrutiny operation and provides tailored support for the Leader and Deputy Leader, Cabinet Members and the Leader of the Opposition. It is managed by the Head of Governance Services.

The Section is divided into three teams – (i) the **Leadership Support Team**, which provides bespoke support to the Leader and Deputy Leader; (ii) the **Cabinet Secretariat**, which services a wide range of executive-side meetings including the Kensington and Chelsea Partnership, administers the Forward Plan of Key Decisions and supports eight Cabinet Members; and (iii) the **Council/Scrutiny Team** which is custodian of the Constitution and services a range of key statutory forums, the local Police and Community Consultative Group and the Council's Scrutiny arrangements, including in-depth review work, and provides support for Scrutiny chairmen and backbench councillors as required.

In addition, the Section supports Member training and development, the Members' Allowances Scheme, the Management Board, community engagement and local democracy initiatives, plus various time-limited projects such as the 2009-11 Colville Area Initiative.

#### **MAJOR VARIATIONS**

Pay and price increases have added £24,000 to the budget for 2010/11.

Efficiency savings of £41,000 have been made by the deletion of an administration post in Council/Scrutiny and the new arrangement of a shared Director of Legal with the London Borough of Hammersmith and Fulham.

DESCRIPTION OF SERVICE

The Media and Communications Office aims to inform Royal Borough audiences of the services provided by the Council, achieve the widest possible understanding of the Council's achievements and any challenges that might threaten those achievements, help the Council to influence debate on issues that will affect Kensington and Chelsea, manage the news agenda efficiently and effectively and protect and enhance the Royal Borough's corporate identity.

The Media and Communications Office undertakes the following core activities;

- Creating publicity material to support and inform about major corporate developments.
- Nurturing media contacts to maximise print and broadcast opportunities for key Council issues.
- Publishing the Royal Borough Newspaper on a bi-monthly basis and Staff Room and RBKC Partner Direct on a quarterly basis.
- Organising launch events for major corporate initiatives and providing advice to other parts of the Council when they wish to organise a launch.
- Issuing press releases and statements.
- Responding to general enquiries about Council activity that come into the news desk.
- Planned media, publicity and support to sustain key campaign priorities.
- Brand guardianship and securing photography.

In addition there can be other bespoke communications projects to assist the promotion of Council activities funded from the Strategic Communications Reserve.

#### **MAJOR VARIATIONS**

Pay and price increases have added £10,000 to the budget for 2010/11.

Management savings of £16,000 have been included following a restructuring and the replacement of a senior officer with a lower graded post.

The Council has a statutory responsibility to administer Housing Benefit and Council Tax Benefit.

The work consists of the receipt, verification, assessment and maintenance of benefit claims, recovery of overpaid benefit and claiming subsidy from the Department of Work and Pensions.

#### **MAJOR VARIATIONS**

Pay and price increases have added £74,000 to the budget for 2010/11.

There has been a loss of £125,000 in Benefits Administration Grant from the Department for Work and Pensions which has been offset by a reduction in the subsidy gap between payments made to claimants and the subsidy received to reimburse the Council.

Efficiency savings of £78,000 have been made from the Here to Help service review of the service.

 $\pounds$ 443,000 has been transferred to HHASC to reflect a reduction in the gap between payments and subsidy with the full implementation of Local Housing Allowance.

The amount charged in the accounts for the provision for bad debts for benefit overpayments was low in 2008/09 as a one off adjustment was required to compensate for over provisions made in the previous two years.

**DESCRIPTION OF SERVICE**The Community Engagement Team takes a lead on the inter-related themes of community engagement,

cohesion and equalities and works proactively with Business Groups as well as the wider community.

Service Improvement Team manages the Council's improvement programme which includes the Vital Improvements and Vital Signs reports, the Comprehensive Area Assessment, Peer Reviews, and the co-ordination of the Council's business planning process.

The Consultation and Partnerships Team helps the Council to respond to residents by analysing and understanding the diverse nature of RBKC customers. The Team undertakes a range of consultation activities working in closely with business groups, which in turn informs service improvement and design. The Team also oversees the Council's partnership work with organisations in the public, voluntary and private sector, manages the Kensington and Chelsea Partnership and monitors the delivery of the Royal Borough's Community Strategy.

The Programme Office has been established to strengthen the management and delivery of the Council's major programmes and projects.

The Regeneration Team's remit is to develop and co-ordinate economic development activities across the Council and its partners. Although the focus is on improving the employment prospects of residents, fostering enterprise and maintaining an attractive business environment in the Royal Borough, the Team will supports all corporate regeneration activities, as and when required.

Westway Development Trust was established to develop the land under Westway in North Kensington for Community use which has taken the form of commercial, industrial and recreational projects. The Management Committee consists of representatives of the local community, including Councillors.

### **MAJOR VARIATIONS**

Pay and price increases have added £10,000 to the budget for 2010/11.

Permanent funding of the Regeneration Team (£170,000) has been secured from the Economic Development Reserve. This reserve is annually supplemented from the rental income generated from business units and from 2011/12 Westborne Studios.

**Community Safety** works to reduce crime and disorder and the misuse of drugs within the Royal Borough. This is achieved by regular analysis of crime data and working in partnership with local police and voluntary agencies. The team work to a 3 year community safety cycle, developing local strategies. Yearly programmes of actions are commissioned, monitored and evaluated which address reducing crime and the perceptions of crime within the borough. The Council's contribution to the costs of **Police Community Support Officers** (PCSOs) employed by the Metropolitan Police Authority provides a service in all wards.

**The Drugs Intervention Programme** is funded through the Home Office and is a locally managed project which ensures offenders with drug problems receive the appropriate treatment programme.

**The Contingency Planning Team**, has transferred here from General Services, maintains and updates the Council's plan for response to civil emergencies and co-ordinates responses when requested to do so by the Police or other similar agencies. The Council's Business Continuity Plan is also updated by this team.

#### **MAJOR VARIATIONS**

Pay and price increases have added £42,000 to the budget for 2010/11.

The Government is continuing to make provision in Area Based Grant for resilient communities in 2010/11 and £175,000 has been included.

Late notification from the Home Office has recently been received that the Drugs Intervention Programme funding is reducing from 2010/11 to £876,000. The spend budget will be contained within this sum.
